From the President

Dear POS Members and Friends:

Thank you Dan Christensen from our local Dan and Margie's Orchids for your wonderful presentation on mini cattelayas. Our August speaker is John Budree which will be speaking on Bulbophylluymys. Remember to arrive early and always bring a friend or family member to the meetings. Everyone is welcome and orchids and a great way to share memories.

Our October Auction is rapidly approaching. While repotting or separating plants, please consider donating a plant to the Auction. The funds raised by the auction are used for special events, speaker fees, holiday party, and other various club expenses.

I hope everyone is keeping a keen eye on your orchid collection during these hot and wet days. An ounce of prevention is worth a pound of cure. Check your potting medium and keep a sharp eye for problems that can decimate your collection quickly in this humid weather. See you at the meeting.

August Program Presented by Ramnarine John Budree

Ramnarine John Budree was born in Trinidad and emigrated to Florida 19 years ago. He grew many different types of orchids and took part in collecting, growing and showing at many shows but there was always something missing.

Budree wanted to learn more about orchids and wanted more of a challenge. He wanted to grow and flower them. Upon arriving in Florida he got involved with orchids on a different level. He was able to grow all of those types of plants that he had only read about. Budree even met all of those people that grew and wrote the articles that he had read in AOS magazines.

Budree started to go to many of the shows and purchased many varieties of which he knew nothing about in the hope he could grow or flower them [yea right]. Budree always liked Paphiopedilums but was told he couldn't grow them. This became a challenge and he found these plants very interesting as well. He was fortunate to meet some of the biggest and the best growers in the orchid business: Jack Schendowich, Warren Kelly {Orchid World}, Bob Skully {Jones & Skully}, Mr. Frank Smith {Krull-Smith} and Sheldon Takasaki {Carmela Orchids}. These people really know how to grow all

types of orchids: Paphiopedilum, Cattleya, Phalaenopsis, Dendrobium, and Oncidium.

At the 19th WOC in Miami of 2008, Budree was the only hobbyist to do a table top display and had an opportunity to work with Frank Smith on the KRULL-SMITH display. Budree tried to absorb as much of Frank Smith's knowledge as possible, and because this was what he considered a lesson he would never forget, started to grow many different types of orchids. Paphs of course, and today he has grown over 2000 plants as well as about 4000 other types of orchids. In short, Budree has been growing orchids for about 40years, from flask to flower and has accumulated about 60 AOS awards.
